You can't write

Unevenly with the HAMMOND.
Every letter is alike.
No faint impression for one,
Heavy for another,
And all due to the fact that your
Key-touch has NOTHING to do with this.
A gentle touch prints with the
Same pressure that a
Sledge-hammer stroke would.

The Type Impressions are all Automatic

This makes it the best machine on EARTH for stencil work, while
for general appearance the work is as perfect as anything can be.

ALIGNMENT

You can't make it print out of alignment any more than you can
fire a rifle bullet and make it turn corners.

HAMMOND
St. Louis

1904

You can't write

Unevenly with the HAMMOND.
Every letter is alike.
No faint impression for one,
Heavy for another,
And all due to the fact that your
Key-touch has NOTHING to do with this.
A gentle touch prints with the
Same pressure that a
Sledge-hammer stroke would.

The Type Impressions are all Automatic

This makes it the best machine on EARTH for stencil work, while
for general appearance the work is as perfect as anything can be.

ALIGNMENT

You can't make it print out of alignment any more than you can
fire a rifle bullet and make it turn corners.
